**Project Description:**

RBA was commissioned with the planning and detail planning of an "event ship", a pontoon barge, for the promotion of a new range of products by a leading worldwide manufacturer of non-alcoholic beverages.

The planning and realisation took place within a very tight framework of 6 weeks. RBA acted as general planner, providing details of structural and M&E requirements.

The finished ship featured a stage for performances, restaurant and kitchen area, outdoor seating with arbour and mobile solid fuel grill pit. The lead image of the marketing campaign was based on "Deep South" US-American motifs.
